

Family Storytime @ TC Apr. 20, 2013 - Earth Day!

Everyone was very enthusiastic and excited for this storytime session. Some of the children shared their Earth Day experiences with us and a child said that Mon., Apr. 22 is her mother's birthday. A lot of the children volunteered to answer questions and were very eager to read and sing together. A few new songs were learnt through repeating the lyrics and songs together. The importance of reading, talking, singing, playing, and writing will help your children to learn better during their development. Asking simple questions during storytime and reviewing the characters, as well as what happened after reading can be done, followed by singing nursery rhymes and children's songs.
